Sanctity of Human Life Month

This January, our church honors Sanctity of Human Life Month, emphasizing the value of every human life from conception to natural death.

Why It Matters:

Every life is a precious gift from God, and as a community, we are called to protect and cherish that gift. During this month, we will reflect on the importance of life, advocate for the vulnerable, and support families in need (James 1:27).

How to Get Involved:

Discipleship Programs

Engage in our discipleship courses that emphasize the value of life and God's purpose for each person.

Care Net's Abundant Life Prayer Network

Join a network of fellow believers, interceding for the unborn (the most vulnerable) and the needs of women, men and families in our community faced with pregnancy decisions.

Volunteer at a Pregnancy Center

Organizations like Care Net have more than 1,200 affiliated pregnancy centers in North America, which provide support and resources for expectant mothers and families. Find a center near you.

Healing Ministries

If you or someone you know has experienced the emotional pain of abortion, we invite you to discover healing and forgiveness in a supportive environment designed for restoration.
